

SHIELDTEC[®] FOR CATS

**KILLS FLEAS
AND TICKS
FOR UP TO
30 DAYS**

SHIELDTEC[™] FOR CATS PROVIDES COMPLETE FLEA & TICK CONTROL

ShieldTec[™] For Cats delivers effective protection against fleas, ticks, and chewing lice. ShieldTec For Cats kills deer ticks, brown dog ticks, American dog ticks, and lone star ticks, including those transmitting Lyme disease, Rocky Mountain spotted fever, ehrlichiosis, babesiosis, anaplasmosis, and other tick-borne diseases. Applied as a spot on, ShieldTec For Cats stops existing flea infestation and reinfestation for 30 days.

SHIELDTEC FOR CATS IS AN AFFORDABLE ALTERNATIVE
THAT PROTECTS YOUR CAT AT A FRACTION OF THE
COST OF OTHER FLEA AND TICK TREATMENTS.

WATER AND SUNLIGHT

SHIELDTEC FOR CATS IS
EFFECTIVE AND EASY TO USE.

TREATING YOUR CAT WITH
SHIELDTEC FOR CATS PROTECTS
FROM IRRITATING BITES AND
POTENTIAL THREAT OF DISEASE.

HOW TO APPLY

ONLY For Cats & Kittens, older than 8 weeks and over 1.5 lbs.

Remove tubes from packaging. Using one applicator tube, hold the tube with the narrow end pointing up. Snap the applicator tip across the marked line to allow access to the dotted tip. Holding tube away from you and your cat's eyes, snap the applicator tip to open. Invert tube over cat and use open end to part cat's hair. Apply at a spot between the cat's shoulder blades. Part the hair and place the open end of the applicator just above the skin. Squeeze the entire contents of the applicator and direct the solution in one spot and onto the cat's skin. Allow the area to dry. Only one applicator per treatment is needed. Do not apply more frequently than once every 4 weeks.
