IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a physician or poison control center for treatment advice. **IF SWALLOWED:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or physician. Do not give ANY liquid to the person. Do not give anything by mouth to an unconscious person. **IF IN EYES:** Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing eye. Call a physician or poison control center for treatment advice. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a physician or poison control center for further treatment advice.

Have the product container or label with you when calling a poison control center, doctor or veterinarian, or going for treatment. For additional information on this product (including health concerns, medical emergencies or pesticide incidents), you may call SafetyCall[®] International at 1-844-685-9173, twenty-four hours per day, seven days per week.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Harmful if swallowed. Causes moderate eye injury. Do not breathe vapor or spray mist. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates: Do not apply directly to or near water, or to areas where surface water is present or to intertidal areas below the mean water mark. Do not apply when weather conditions favor drift from treated areas. Drift and run-off from treated areas may be hazardous to aquatic organisms in water adjacent to treated areas. See Directions for Use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS Extremely Flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Highly Flammable Ingredient
Ingrediente Altamente Inflamable

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. Apply this product only as specified on this label. Read all Directions and Precautions completely before use.

USE RESTRICTIONS: This product is for indoor use only. Do not apply as a broadcast treatment to indoor surfaces at residential sites, including nurseries, day care centers, schools, hospitals and nursing homes. Do not apply this product directly to companion animals (pets). Do not apply this product in a way that will contact adults, children or pets. Remove pets, birds and cover fish aquariums before spraying. Do not wet articles to the point of run-off or drip. Do not use treated article until spray has dried. Do not remain in treated area. Exit area immediately and remain outside the treated area until aerosols, vapors, and/or mists have dispersed. Do not enter or allow others to enter the treated area until sprays have dried. Do not enter or allow others to enter the treated areas until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated. Remove or cover exposed food and drinking water, in the treatment area, before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces in the treatment area, or wash them before use. Do not apply this product in hospital rooms while occupied or in any rooms occupied by the elderly or infirm. Remove patients from room prior to treatment and thoroughly ventilate (2 hr) after application. Do not return patients to room until after ventilation. Do not apply to classrooms when in use. Do not apply more than 1 time/day. Do not apply directly into sewers or drains or to any area where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

SHAKE WELL BEFORE USE

This product will kill Ants, Cockroaches, Crickets, Fleas, Houseflies, Mosquitoes, Rice Weevils, Sawtoothed Grain Beetles, Small Flying Moths and Ticks. It will also prevent flea infestations for up to 7 months. Adult fleas may be seen in the treated areas when brought in on infested animals or when adult fleas emerge from pupal cases; however, a population will not develop in the treated area. Areas which could be infested include rugs, carpets, upholstered furniture, pet beds and pet resting areas. When treating upholstered furniture, treat under cushions and areas where flea development occurs. **NOTICE:** This product has been tested on several types of carpet, fabric and other household furnishings without adverse effects. Test in an inconspicuous area before full treatment, some plastics or furniture may be whitened or dulled. Because of the wide variety of floor types and finishes always test for color fastness, or dulling before applying to larger areas. Avoid contact with antique finishes. For best results always follow complete application directions. **EXCEPT FOR APPLICATOR, DO NOT PERMIT HUMANS OR PETS TO CONTACT TREATED SURFACES UNTIL THE SPRAY HAS DRIED.** Vacuum carpeted areas and other areas being treated before treatment and post treatment after drying. To treat infested areas or areas which could be infested, hold can at arm's length and evenly apply a direct light spray as a spot treatment, to infested areas, such as carpets, rugs, upholstered furniture, pet beds and pet resting areas. Vacate treated areas during application up until the spray has dried. Do not treat areas of prolonged human contact. Do not treat pets, including cats and dogs, with this product.

NOTE: To Kill Fleas, and Ticks: Remove old companion animal (pet) bedding and replace with fresh, clean bedding after treatment. Do not apply this product directly to companion animals (pets). Treat pets directly with an appropriately registered product labeled for such a use in conjunction with this treatment.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry (preferably locked) area that is away from heat and open flame, and in a place that is inaccessible to children and animals. **PESTICIDE DISPOSAL:** Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility. **CONTAINER HANDLING:** Nonrefillable container. Do not puncture or incinerate! Empty container by using this product in accordance with the label directions. Offer empty container for recycling, if available, or place in trash if allowed by state and local regulations. If container is partly full contact your local solid waste agency for disposal instructions.

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.
