NFPA 30B FLAMMABILITY: Level 1 Aerosol

EXTINGUISHING MEDIA: CO₂, foam, and dry chemical

UNUSUAL FIRE & EXPLOSION HAZARDS: Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Fire may produce irritating, corrosive or toxic gases.

FIRE-FIGHTING PROCEDURES: Isolate fire area and evacuate downwind. DO NOT breathe gases, smoke or vapors generated. Wear self-contained breathing apparatus and full-protective clothing. Cool fire exposed areas and equipment.

HAZARDOUS DECOMPOSITION PRODUCTS: May release irritating and toxic gases due to thermal decomposition. Products of combustion include CO and CO₂.

6. ACCIDENTAL RELEASE MEASURES

IN CASE OF SPILL OR LEAK: Keep unauthorized personnel away. Do not touch or walk through spilled material. Stop leak if you can do it without risk. Do not direct water at spill or source of leak. If possible, turn leaking containers so that gas escapes rather than liquid. Prevent entry into waterways, sewers, basements or confined areas. Eliminate all ignition sources and allow to discharge completely in well ventilated area.

7. HANDLING AND STORAGE

Do not contaminate water, food, or feed by storage or disposal.

PRECAUTIONS TO BE TAKEN IN HANDLING: Extremely Flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Refer to the product label and directions for use. Provide good ventilation of working area. Keep away from sources of ignition – No smoking. Keep container tightly sealed. Protect against heat. Handle an open container with care. Do not open until ready to use. Once container is opened, content should be used as soon as possible. Provide means for controlling leaks and spills. Follow label warnings even after container is emptied. The substance/product may be handled only by appropriately trained personnel. Avoid all direct contact with the substance/product. Avoid contact with the skin, eyes and clothing. Avoid inhalation of dusts/mists/vapors. Wear suitable personal protective clothing and equipment.

PRECAUTIONS TO BE TAKEN IN STORAGE: Store in cool, dry (preferably locked) area that is away from heat and open flame, and in a place that is inaccessible to children and animals. Do not contaminate water, food or feed by storage or disposal.
